

NVCA Growth Equity Group

The NVCA views growth equity as a critical component of the venture capital industry. In recognition of this important segment of the financing continuum, the Growth Equity Group (GEG) was formed in 2012. The GEG focuses on engaging in political advocacy on behalf of growth investors, educating constituents across the entrepreneurial ecosystem, and facilitating peer connections.

Governance

The GEG is governed by a volunteer Executive Committee, which is responsible for the review and development of NVCA's strategic plan to represent, sustain, and enhance the growth equity asset class.
